

“A wide range
of hospitals
to make you
feel better”

BUPA Heartbeat extended access hospitals list

BUPA has taken the care to select and form agreements with a network of quality hospitals in the UK. As a BUPA member, you can feel better knowing these BUPA extended access hospitals are committed to BUPA's excellent standards.

Do you have a scale of cover?

BUPA Heartbeat hospitals have three categories of accommodation A, B and C, with A being the highest. These represent the level of hospital charges for accommodation only and in no way do they reflect the quality of your treatment or care. If you are a member of a scheme that has scales of cover you will need to ensure that you receive treatment in a category of hospital accommodation that is within your scale of cover. For example if you have scale C cover you would not be covered in full for hospital charges in a category B room. If you are unsure about your scale of cover please call your BUPA helpline.

If you need to make a claim

It is essential that you call your BUPA helpline on 0845 60 68 000[†] to let us know of any treatment or consultation that your GP recommends, and again if your consultant recommends treatment. We will be able to confirm your cover and the benefits available to you.

Psychiatric treatment:

Not all BUPA schemes provide cover for psychiatric treatment. If you are unsure whether you do have this cover please contact your helpline. For those members whose scheme does provide psychiatric cover, please phone your helpline for a list of BUPA psychiatric network hospitals. Please remember that your claim for day-patient or in-patient psychiatric treatment will only be eligible if BUPA has agreed to the treatment in writing before it begins.

Please note: This is page 2 of 15 which should be read together as a whole. This list is correct as at the 1 January 2006. However, the hospitals on this list and the categories of accommodation may change from time to time, because BUPA reserves the right to add or remove hospitals for commercial or quality reasons. You should always call your BUPA helpline before arranging any treatment to check that your chosen hospital is an extended access hospital and to check the categories of room available at the hospital.

[†]Lines are open 8am to 8pm, Monday to Friday and 8am to 6pm Saturday
Calls charged at local rates
Calls will be recorded and may be monitored
