

New for you

Added dental care for healthy smiles

**All new personal policies
and renewals now come with
a dental appointment and a
£300 allowance towards
restorative treatment.**

Bupa 

Our cover now covers more

It feels harder than ever to find the right dental care. That's why our dental allowance gives you and everyone on your cover an appointment with Bupa Dental Care every year. Plus, if you need further care, you'll have a £300 allowance towards restorative treatment like crowns or fillings. It's a little something extra to smile about.

What's included?

- One dental appointment per person each policy year.
- Can be used at a Bupa Dental Care practice for a new patient examination, check-up routine check-up or emergency appointment.
- If the dentist recommends treatment, we'll give you a £300 allowance towards restorative dental care.

Who's it for?

- You and everyone covered by your policy will each have access to the benefit.
- Anyone who takes out health cover with a start date from 1 August 2024 will benefit.
- If you have an existing policy, you'll get the new benefit when you renew.

How does it work?

- You can find your nearest Bupa Dental Care practice at bupa.co.uk/dental-care
- When you arrive, just let our team know your membership number.
- The practice will send us the claim and we'll pay them directly. There'll be no excess to pay and it won't affect your no claims discount.
- You'll need to pay the practice for any costs over the £300 allowance.

Oral health and overall health are closely linked and we want to help you take care of both.

Bupa Dental Care offers you expert dental services from regular check ups to specialist care, all from a name you know and trust.

Having your appointment with Bupa Dental Care doesn't mean you have to change dentist or re-register. It's just an added extra because we believe everyone deserves a happy, healthy smile.
